# 11. Browse

The screenshot shows the homepage of Browse AI. At the top, there's a navigation bar with links for "Prebuilt Robots", "Use Cases", "Resources", "About Us", "Pricing", "Login", and a purple "Get Started for" button. Below the navigation, there's a large call-to-action section with the text "The easiest way to extract and monitor data from any website." and a subtext "Train a robot in 2 minutes. No coding required." It includes two buttons: "Get Started" and "What can it do?". To the right of this section is a video player showing a demonstration of the software's interface, which includes various monitoring options like "Monitor Amazon US search results" and "Monitor Google organic search results".

Para extraer info y monitorizar cualquier web (¿tu competencia por ejemplo?)

<https://www/browse.ai/>

# 12. WordTune

The screenshot shows a purple-themed extension interface. At the top, it says "Your thoughts in words". Below that, a subtext reads "Say exactly what you mean through clear, compelling and authentic writing.". A yellow button at the bottom left says "Add to Chrome it's free". The main part of the screenshot displays a dropdown menu with four options: "This opportunity interests me.", "I'm thrilled about this opportunity", "I find this opportunity very interesting.", and "I am interested in this opportunity.". The "Rewrite" button is visible at the top right of the dropdown.

Utiliza la tecnología GPT-3 para recomendar alternativas impresionantes a palabras, oraciones y párrafos.

<https://www.wordtune.com/>

# 13. AssemblyAI

The screenshot shows the AssemblyAI website with a dark background. At the top left is the AssemblyAI logo. To its right are navigation links: Products, Use Cases, Pricing, Enterprise, Developers, and Playground. A prominent purple "Get started" button is located at the top right. Below the navigation, a banner highlights a new transcription model with 11% better accuracy. The main headline reads "Transcribe and understand audio with a single AI-powered API". A descriptive paragraph explains that the service automatically converts audio and video files and live streams into text using AI models for summarization, content moderation, and topic detection. At the bottom of the page are two more purple buttons: "Get started with the API >" and "Contact sales >".

Opuesto a Murf: convierte el contenido de audio en transcripciones con alta precisión.

<https://www.assemblyai.com/>

[www.triunfaconlinkedin.com](http://www.triunfaconlinkedin.com)

# 14. Compose

# 15. DALL·E-2

Plataforma innovadora para convertir texto a imagen de los creadores de ChatGPT.

<https://openai.com/dall-e-2/>

# 16. Stable Diffusion

The screenshot shows the homepage of stability.ai. At the top left is the logo 'stability.ai'. To its right are links for 'API', 'Research', 'News', 'FAQ', and social media icons for Twitter, LinkedIn, and YouTube. A language selector shows 'English' with a dropdown arrow. The main title 'Stable Diffusion Public Release' is centered above a large, dark image of a futuristic, glowing tunnel or portal.

Otro conversor de texto en imagen de IA, gratuito.

<https://stablediffusionweb.com/>

# 17. Bloom

The screenshot shows the Hugging Face Model Card for the Bloom model. The card includes the following information:

- BLOOM** (BigScience initiative)
- 1768 params · 59 languages · Open-access
- BigScience Large Open-science Open-access Multilingual Language Model
- Version 1.3 / 6 July 2022
- Current Checkpoint: Training Iteration 95000
- Link to paper: [here](#)
- Total seen tokens: 3668
- Downloads last month: 14,756
- Hosted inference API (Text Generation):
  - Input: एक बार की बात है, जिसमें एक भालू का शावक रहता था
  - Sampling: Greedy (radio button selected)
  - Compute: GPU
  - Output: (JSON Output)
- BLOOM generation tips: Switch to "greedy" for more accurate completion e.g. math/history/translations (but which may be repetitive/less inventive).

Puede generar texto en un total de 59 idiomas

# 21. Mirage

The screenshot shows a dark-themed web application. On the left, there's a sidebar with the heading "The AI Powered 3D Playground". It contains input fields for "Harry Potter? Avengers? Minecraft?", "First Name", and "you@gmail.com", followed by a blue "Submit" button. The main area is titled "Create 3D Asset" with a "Private" button. It features a central "Drag image here or click to select files" input field with an upward arrow icon. Below it is an "Enter Prompt\*" input field with a cursor. A progress bar indicates "ETA: 3 min". At the bottom, there's an "Advanced Configuration" dropdown. To the right, there are two examples of generated 3D assets: a blue and white character labeled "cd45831b" and a brown, blob-like object labeled "sree". Each example has a small heart icon and the name "aman" or "Migue" next to it.

# 25. Mem

The screenshot shows the Mem workspace interface. At the top, it says "The self-organizing workspace". Below that, a sub-headline reads: "Mem is the world's first AI-powered workspace that's personalized to you. Amplify your creativity, automate the mundane, and stay organized automatically." A "Start for free" button is visible. The main workspace area has a blurred background showing various productivity tools like a calendar, a search bar, and a sidebar with categories like Home, People, Tasks, and Tags.

Para organizar mejor tu trabajo y el de tu equipo  
<https://mem.ai/>

# 26. Notion

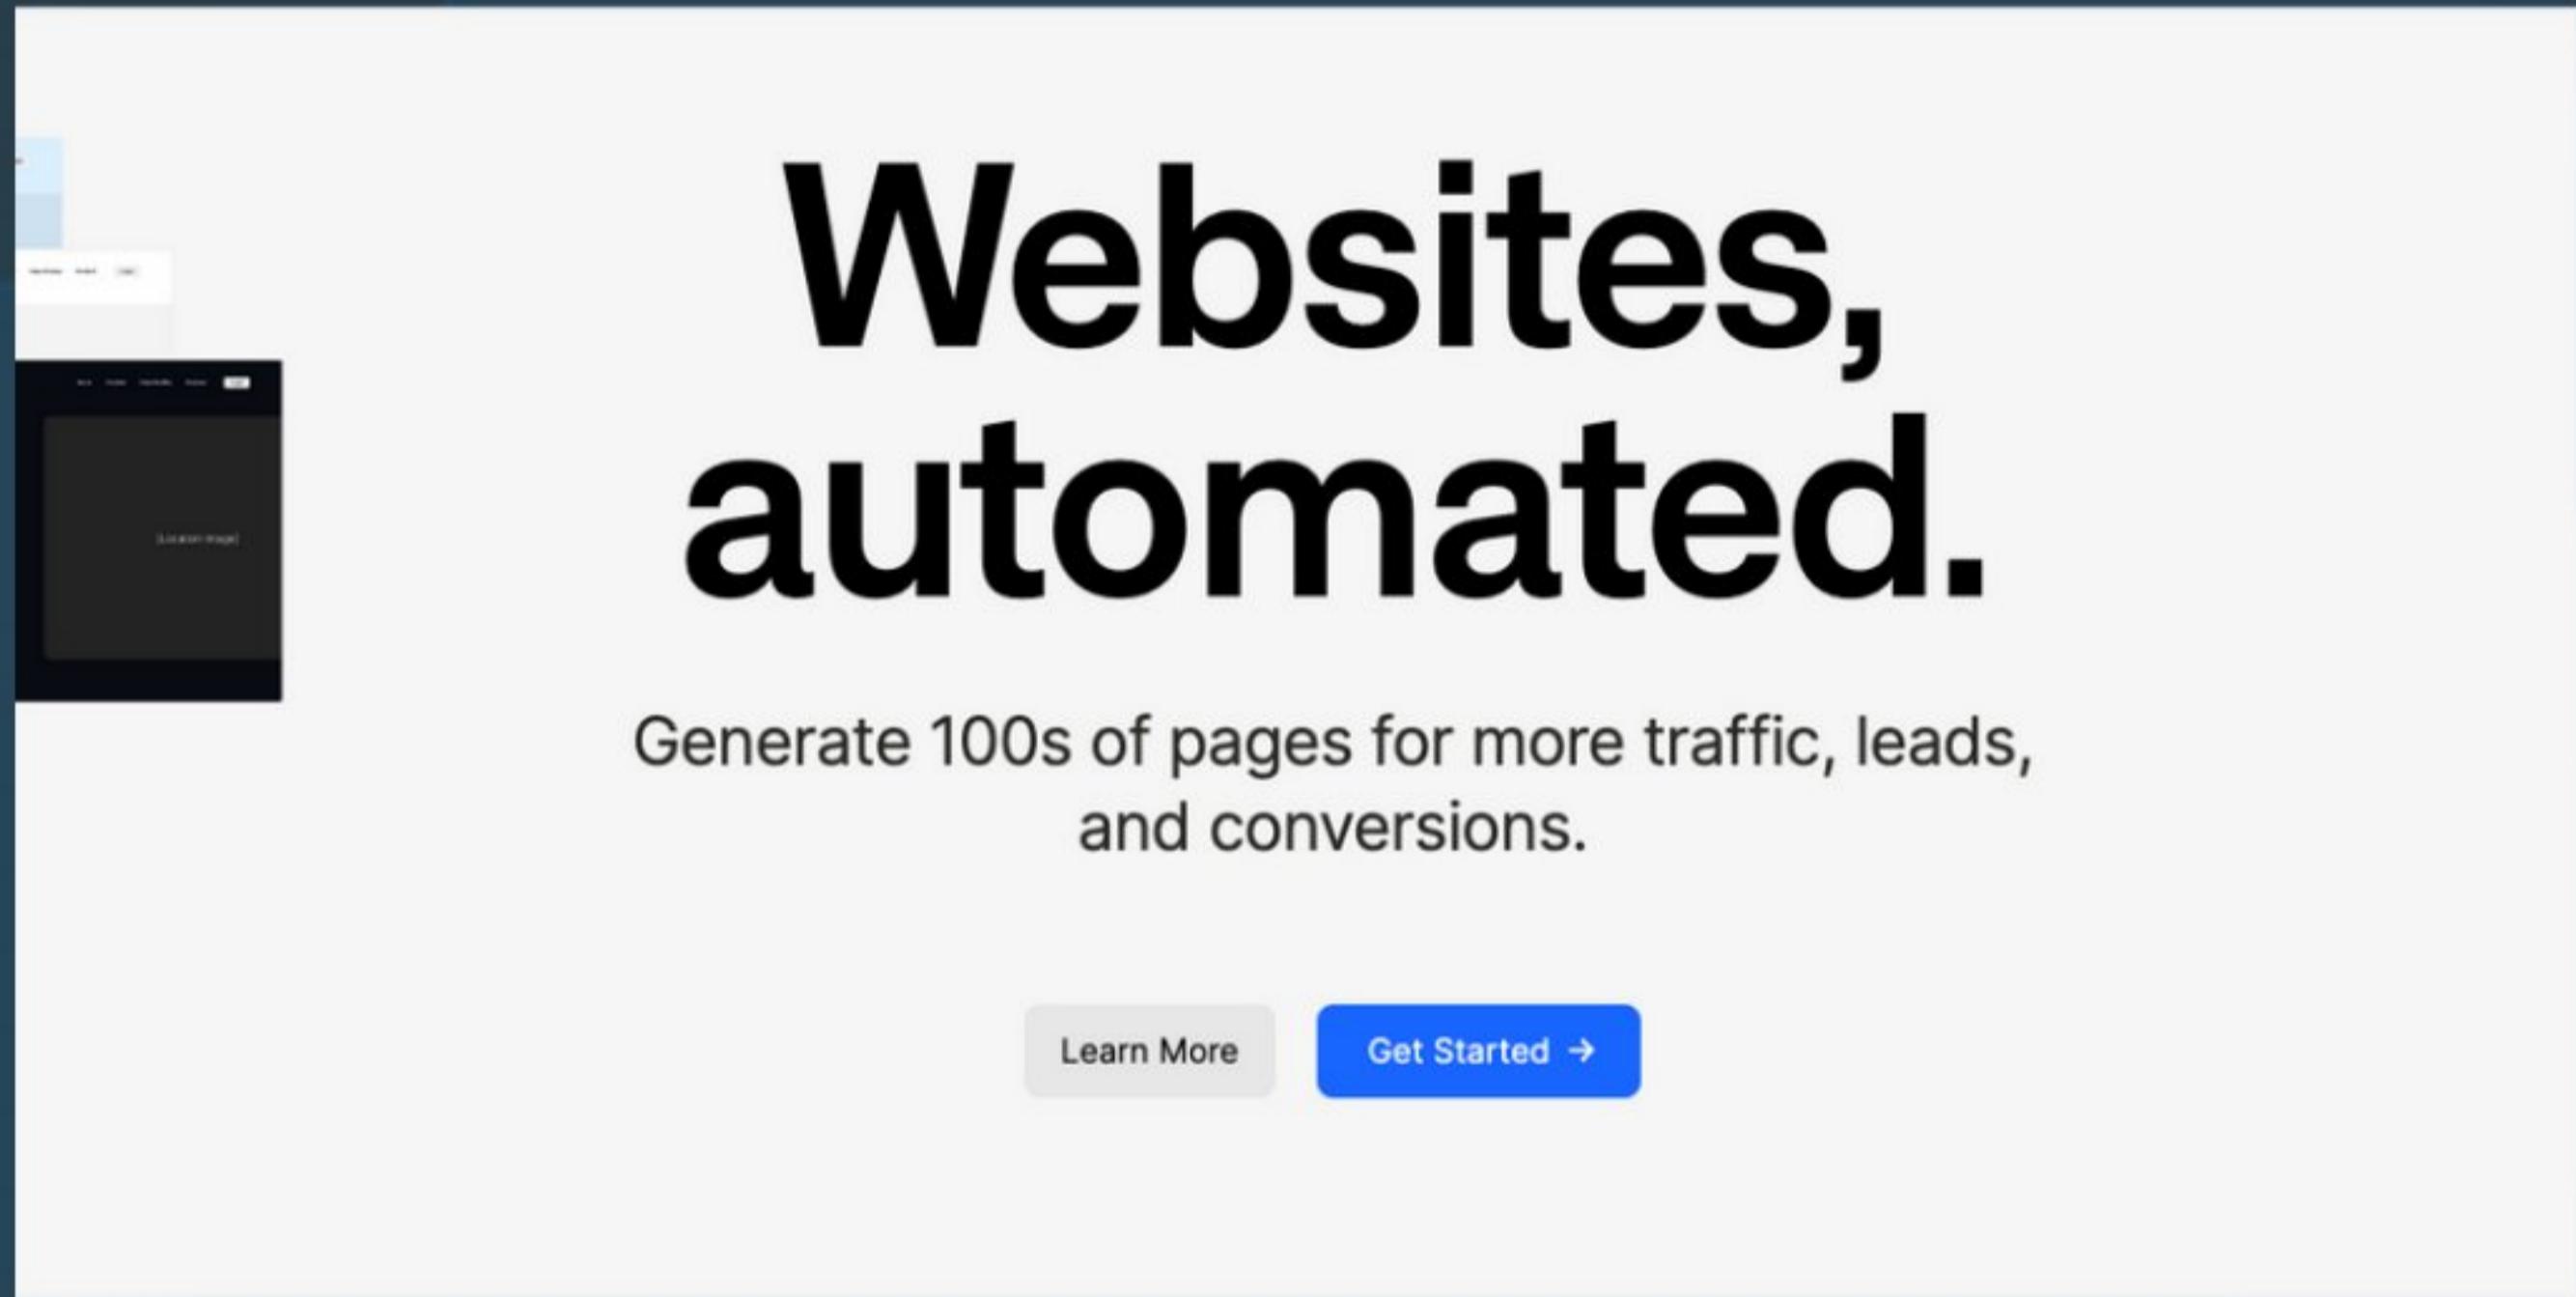

The screenshot shows the Notion homepage. At the top, there's a navigation bar with links for Notion, Product, Download, Solutions, Resources, and Pricing. Below the navigation, the main headline reads "One workspace. Every team." in large, bold, black font. A subtext below it says "We're more than a doc. Or a table. Customize Notion to work the way you do." To the right of the text, there's a black silhouette of a person sitting at a desk, looking at a laptop screen. The laptop screen displays icons for a document, a calendar, and a checklist. Logos for Figma, mixpanel, PIXAR, MatchGroup, and monzo are listed as trusted teams.

Una aplicación de productividad que permite gestionar la planificación de la vida laboral y personal.

<https://www.notion.so/es-es>

# 27. TheCom

The image shows a placeholder for a landing page. It features a smartphone icon on the left and a large, bold text 'Websites, automated.' in the center. Below the text is a subtitle: 'Generate 100s of pages for more traffic, leads, and conversions.' At the bottom are two buttons: 'Learn More' and 'Get Started →'.

Para generar páginas que consigan más tráfico, leads y conversiones

<https://www.the.com/>

[www.triunfaconlinkedin.com](http://www.triunfaconlinkedin.com)

# 28. Texta

The screenshot shows the Texta AI writing tool. On the left, there's a sidebar with categories: 'Great post', 'How to write better', 'Clarity', 'Engagement', 'Delivery', and 'No issues found'. Below this is a text input area with placeholder text: 'Restless nights when traveling can be difficult for both kids and parents alike. To help your child(ren) sleep better while away from home, stick to their usual bedtime routine as much as possible. This means keeping to their regular bedtime and waking up at the same time each day. If possible, try to find accommodations that have separate bedrooms so everyone can get a good night's sleep.' To the right of the text input, there are sections titled 'Tips for Dealing with Restless Nights' and 'Planning and Preparation Tips'. The 'Tips for Dealing with Restless Nights' section includes a tip about creating a calming environment in a child's room using white noise machines, night lights, and comfortable bedding. The 'Planning and Preparation Tips' section includes a tip about starting by making a list of everything needed before a trip, including packing and travel arrangements. At the bottom of the interface, there are several small icons and a 'G' logo.
